**SIDDHARTHA GROUP OF INSTITUTIONS**

MANAGED BY: SIDDHARTHA EDUCATIONAL SOCIETY DEHRADUN

# CHAIRMAN'S WELCOME

During my college years I always had a strong desire to do something that should elevate the life of the people of Uttarakhand (erstwhile a part of U.P.). I had a feeling that this could be achieved by introducing professional studies which can create produce vast job opportunities. At that time the concept of professional education was limited to IITs & State Engineering colleges. Very few people knew about the Pharmacy and Law as professional courses.

## SGI's Mission

**SIDDHARTHA GROUP OF INSTITUTIONS** envisage to become the leader in its category with state of the art facilities to provide education, training, research, consultancy and outreach services at par with national and international institute of repute in the field of Pharmacy, Management and Law.

“

Today I am proud to realize my dreams. Siddhartha Group of Institutions is on way to establish a group of Educational Institutions imparting education in the field of Paramedical sciences, Pharmacy, Legal Studies, Management. Uttarakhand has very hardworking and dedicated workforce, all they need is proper motivation and education. Management education shall ensure a secured future to the students and shall undoubtedly ensure that hard earned money of the parents is put to best use.

As a director, I assure you that you shall be provided with the best of professional atmosphere. We have taken great care in recruiting experienced and dedicated teaching faculty. They shall guide you to a new future full of promises. I shall consider myself fortunate, if I can contribute to the society through the noble service of education.

Durga Prasad Verma,  
MA (Economics)

”

# HONORARY DIRECTOR'S WELCOME

**It is very rightfully said that students possess strong abilities and capabilities which are hidden. These are brought out through education and good counseling. We at Siddhartha Group of Institutions ensure overall development of the students to excel them in every walk of life and help them develop professional qualities in them for their bright future.**

//

"We do not believe in choosing the best, but we make them best."

Being a Judge by profession, I always believe in perfection & excellence. I always wished the educational institutions to adopt ways and means to shape the students to be a responsible citizen who could contribute to build a strong Nation. Besides academic qualifications, strong moral & ethical ways of life must also be inculcated in them.

Siddhartha group has already made a prestigious position in the field of allied health sciences. We feel proud in establishing Pharmacy Institute of high standards alongwith excellent centre for Legal Education in the name of SLC. We committed to produce Law professional of high caliber to suit the needs of a world without boundaries.

We welcome you in the family of Siddhartha Group and wish you all a prosperous & bright future.

Ram Ratan Agarwal, LLM  
Former Dist. Judge

//

# VICE CHANCELLOR'S WELCOME

//

I am delighted to know that Siddhartha Group of Institutions is bringing out a new information brochure for year 2013-14. This brochure will present the information on your prestigious Institute for common men. I wish that the publication shall bring out Institute's image perfectly and successfully.

Prof. D. S. Chauhan  
Vice Chancellor  
Uttarakhand Technical University  
Dehradun

//

# SECRETARY'S DESK

//

It gives me a great pleasure to be a part of SGI, I hope and have strong belief that SGI will make a significant contribution towards fulfilling the needs of professional & technical education in today's modern world.

The SGI has been established under the guidance of Siddhartha Educational Society to provide world class education in the field of Pharmacy, Paramedical Science, Life Science, Management and Technology.

Following the latest advances in the field of science and technology, SGI strive to fulfill the requirements of vocational education which is advancing at an amazing rate both in terms of growth and technological development.

At SGI, we have established excellent infrastructure facilities to cater the needs of our students. The education system is designed in such a manner as to enable the pupils of SGI to face successfully the toughest challenges in the field professional career.

I hope that each one of you rewrites a new definition of a novel success story-each one of you makes your dreams come true and conquer new horizons, my good wishes extend to all of you.

God Bless.

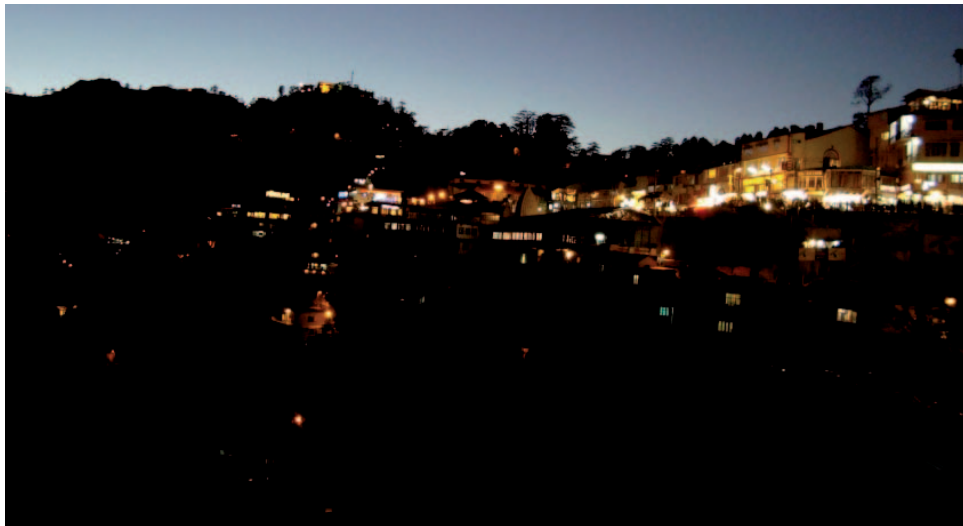

Mr. C.L. Verma  
Secretary,  
Siddhartha Educational Society

//

# DEHRADUN

Sophisticated and cosmopolitan, but friendly and packed full of northern charm, there's no denying its universal appeal.

The city of Dehradun's strategic location just at the foothills of the Himalayan ranges, makes the place turn into a happening hill station for other significant destinations much higher by the Himalayas. Dehradun is approximately 235 km from the Indian capital of New Delhi.

Dehradun is now one of the beautiful towns in Northern India. It boasts of a number of educational institutions of repute.

The entire valley is full of places of scenic beauty and picnic spots. Some of these are SHASTRADHARA, ROBBER'S CAVE, MALSI DEER PARK, BUDDHA TEMPLE and RAJAJI NATIONAL PARK etc.

The city centre boasts a variety of shopping experiences from all the usual high street names, seasonal markets and trendy boutiques.

Dehradun, the capital of Uttarakhand, is situated at the foothills of Shivalik Hills of Himalaya. Doon valley is famous for world class schooling. It is bounded by picturesque hills in the south and outer slopes of the Himalayas in the North. Dehradun is proud to inherit a six-clock tower in the heart of the city. The climate of the city is temperate. Thanks to extensive redevelopment over the last decade, the city is now home to one of the largest student populations in India; tens of thousands of students now study in Dehradun.

# SIDDHARTHA GROUP OF INSTITUTIONS

Estb. IN 1997

Siddhartha Group of Institutions (SGI) managed by Siddhartha Educational Society began its journey of education in excellence in the lap of nature, amidst the lush green area of Danda-Khudanewala, Near I.T. Park, Sahastradhara Road, Dehradun which is surrounded by natural beauty of hills and forests and famous for its excellence in educational field all over the globe.

Siddhartha Educational Society realized the need of an institution that offers non-formal professional education and in pursuit to offer the best technical infrastructures & skills to the students. SGI has constantly worked harder towards uplifting the academic standards and established Siddhartha Institute of Pharmacy, Siddhartha Law College and Siddhartha College of Science & Management, with a motive to secure new

heights in the field of pharmach, law, management and computer technology with the concept of evolving and nurturing the future scientists, professinals and technicians of the country. Learning at SGI is combination of intellectual growth and experience development through interactive learning in classrooms as well as through sound practical knowledge in the field.

## Location and Infrastructure

The Institute is approximately 10 km from the railway station and is well connected by local transport. The dream project of Uttarakhand Govt. IT Park is in close proximity of the institute.

The campus spreads over an area of 28 hectares an epitome for learning with its serene and enchanting environment beautifully blended with tranquility, which promotes excellent knowledge and values.

Siddhartha Group of Institution (SGI) was Established in the year 1997 and managed by Siddhartha Educational Society (Regd. No. 1363/2002-2003), under the dynamic leadership of renowned social worker Mr. Durga Prasad Verma and promoted under the guidance of Mr. Ram Ratan Agarwal, (Former District Judge) presently serving as honorable Director of SGI. Nevertheless, the promoters of SGI began this institute with a mission to provide world class education and training that enables students to adapt, excel and succeed in the fast changing global working environment. Siddhartha Group Of Institutions (SGI) began its journey for excellence in education amid the lap of nature in the lush green valley of Dhanda-Khudenawala, near IT Park, Sahastradhara road, Dehradun.

With an intense desire and dream to scale new heights in the field of Law, Pharmacy and Management to

produce professionals of international reput, SGI has been conducting various others courses including 'Siddhartha Law College', 'Siddhartha College of Sciences & Management' and 'Siddhartha Institute of Pharmacy' successfully. The distinguished governing body of SGI have created an environment which emphasizes and focuses on overall personality development and learning life skills along with practical skills of students, by structured teaching and training programs guided by professionals.

## Mission

SIDDHARTHA GROUP OF INSTITUTIONS envisage to become the leader in its category with state of the art facilities to provide education, training, research, consultancy and outreach services at par with national and international institute of reput in the field of Pharmacy, Management and Law.

## Vision

- To create superlative human resources for society.
- To create and provide up-to-date education and training.
- To be leader in its category.
- To support research, consultancy and development activities in academics.

# HELPING YOU TO SUCCEED

## Advice and Guidance

In SGI we have a highly experienced team of Careers Advisers who can help you to consider your best option for progression.

We want every student who studies at SGI to have the opportunity to progress and achieve their aspirations. Everyone will have a different goal and so we will deliver personalized advice and guidance so that you, as an individual, can succeed. Our team can help you research all your options.

We offer impartial guidance and are happy to help you with higher education applications, part time and full time jobs, gap year ideas, volunteering and options for further study.

## Accommodation

SGI hostels offer a comprehensive range of facilities within the college campus, separately for boys and girls. We understand that most of our students are moving away from home for the first time, so we strive to make the transition as smooth as possible by providing comfortable, safe and homely set-up within the hostel. All the rooms have been designed to provide adequate moving space and ample air and light. To guide the students and to monitor the day to day management of the hostels, each hostel has wardens.

## Modern Facilities in Hostel

- Wi-Fi Campus
- Playgrounds and Courts for sports and other activities
- Generator and R.O water facilities
- Campus is guarded 24 hours for security and safety of students

# SIDDHARTHA LAW COLLEGE

Approved by Bar Council of India (BCI) and Affiliated to Uttarakhand Technical University (State university of Uttarakhand) and Approved by Ministry Of HRD

Established in the year 2009 Siddhartha Law College is registered under the auspice of Siddhartha Group of Institution (SGI) managed by Siddhartha Educational Society (Regd. No. 1363/2002-2003), under the dynamic leadership of renowned social worker Mr. Durga Prasad Verma and promoted under the guidance of Mr. Ram Ratan Agarwal, (Former District Judge) presently serving as honourable Director of SGI. Nevertheless, the promoters of SGI began this institute with a mission to provide world class education and training that enables students to adapt, excel and succeed in the fast changing global working environment. Siddhartha Law College (SLC) began its journey for excellence in education amid the lap of nature in the lush green valley of Dhanda-Khudenawala, near IT Park, Sahastradhara road, Dehradun.

With an intense desire and dream to scale new heights in the field of Law and to produce professionals of international repute, SGI has been conducting various others courses including Siddhartha Law College, Siddhartha Institute of Sciences & management and Siddhartha Institute of Pharmacy successfully. A student who successfully completes the first three years of this course shall be eligible for the award of the Degree BA (Academic Law). A student who successfully completes the five year LLB, Course shall be eligible for the award of the Degree of LL.B.

## Entry Requirements

The applicant should have passed 10+2 or its equivalent examination in any stream. Should have secured minimum 45% of marks in case of general categories of applicants and 40% marks in case of SC/ST applicants.

Maximum age for seeking admission to this course is twenty years in case of General Category of applicants and twenty two years in case of applicants from SC/ST/OBC. Such age shall be counted on the 1st July of academic year of the admission. Only high school certificate will be considered for age proof and no other documents will be taken into consideration for age proof.

## Assessment

It provides for compulsory practical training and mandatory Moot Court practice.

## Progression

The students who have inclinations towards public speaking and have interest in political and social affairs of the country and the world, will find a suitable course study in this discipline. We offer well conceptualized course content relevant to the requirements of the existing legal system; in a world class learning environment with emphasis on internship in the courts and moot courts.

# Foundation Degree in BBA.LL.B 5 Yrs

**BBA-LL.B. 5 years Integrated Course**

Course Duration: **5 years 10 semesters**

Eligibility: **10+2 in any discipline with min 45% marks (General Category and 40% for SC/ST)**

Seats: **60**

## Introduction

The Sweeping changes in the global Economic scenario have necessitated a strong demand for a breed of youngsters with the potential knowledge of law coupled with the core essentials of Management & Bossiness to enhance productivity. With the object of catering to this demand unfolding before the students, and to enable them to explore these vistas of opportunities that lie ahead, The Management of the college has commenced an Integrated Bachelor of Business Administration and Bachelor of Law degree Programme (BBA, LL.B).

## Program Content

BBA.LL.B. provides an integrated understanding of the inter relation of management studies and law in their entirety than in specified areas. Honors in Business Administration covers a vast domain of the contemporary areas of managerial relevance and provide the students an opportunity to focus on strategies to manage business in fast-evolving global environments, with a strong emphasis on entrepreneurship, the impact of technology on commerce, managing the emerging markets of Asia and other global issues. Study of these courses will enable the students to develop a competitive edge over their counter parts in other institutions and help in taking them to the zenith of their career.

## Entry Requirements

The applicant should have passed 10+2 or its equivalent examination in any stream. Should have secured

minimum 45% of marks in case of general categories of applicants and 40% marks in case of reserve category applicants.

Maximum age for seeking admission to this course is twenty years in case of General Category of applicants and twenty two years in case of applicants from SC/ST/OBC. Such age shall be counted on the 1st July of academic year of the admission. Only high school certificate will be considered for age proof and no other documents will be taken into consideration for age proof.

## Assessment

It provides for compulsory practical training and mandatory Moot Court practice.

## Progression

The students who have inclinations towards public speaking and have interest in political and social affairs of the country and the world, will find a suitable course study in this discipline. We offer well conceptualized course content relevant to the requirements of the existing legal system; in a world class learning environment with emphasis on internship in the courts and moot courts.

# Degree in LL.B. 3 Yrs

**LL.B. : 3 years Course**

Course Duration: **3 years 6 semesters**

Eligibility: **Graduation in any discipline with min 45% marks (General Category and 40% for SC/ST)**

Seats: **60**

## Introduction

The course is designed for serious minded students who are competent to pursue research oriented study and have an inclination towards academics.

## Program Content

In India, legal education has been traditionally offered as a three-year graduate degree conferring the title of LL.B. (Bachelor of Laws) or B.L. (Bachelor of Law). However the legal education system was revised by the Bar Council of India, the governing body of legal education in India in 1984. Pursuant thereto, various autonomous law schools were established that administer a five-year (5 year) undergraduate degree programme and confer an integrated honours degree, such as "B.A., LL.B. (Honours)", "B.B.A, LL.B. (Honours)", "B.Sc., LL.B. (Honours)", etc.

Both the types of degrees (i.e., three-year and five-year integrated honours) are recognized and are also qualifying degrees for practice of legal profession in India. A holder of either type of degree may approach a Bar Council of any States of India and get upon compliance with the necessary standards, be enrolled on the rolls of the said Bar Council. The process of enrolment confers a licence to the holder to practise before any court in India and give legal advice. The entire procedure of enrolment and post-enrolment professional conduct is regulated and supervised by the Bar Council of India.

## Entry Requirements

Graduation in any stream with minimum 50% marks in case of candidates from general categories and 45% marks in qualifying examination in case of SC/ST candidates.

## Assessment

It provides for compulsory practical training and mandatory Moot Court practice.

## Progression

The students who have inclinations towards public speaking and have interest in political and social affairs of the country and the world, will find a suitable course study in this discipline. We offer well conceptualized course content relevant to the requirements of the existing legal system; in a world class learning environment with emphasis on internship in the courts and moot courts.

# Master Degree in LL.M. 1 Year

**LL.M: 1 year Course**

Course Duration: **1 year 2 semesters**

Eligibility: **LL.B with min 55% marks (General Category and 45% for SC/ST)**

Seats: **24**

## Introduction

The course is designed for serious minded students who are competent to pursue research oriented study and have an inclination towards academics.

## Programme Content

LL.M. degree prepares the students for a satisfying career in various branches of law, such as law officers, legal advisors, law professionals having independent set-up.

LL.M. degree also qualifies a person for teaching in a law school and university. They can also take judicial service examination and become judges. There is no dearth of career opportunities for LL.M. degree holders.

## Entry Requirements

Three years or Five years Degree in Law with minimum 55% marks in case of candidates from general categories and 45% marks in qualifying examination in case of SC/ST candidates.

## Assessment

Courses are taught in a variety of formats, including seminars, lectures and small group classes.

## Progression

This allows students to graduate with named awards reflecting their own specialism's and interests, such as an LL.M in a single subject, a joint LL.M, or an LL.M with a major and minor subject. Students can also obtain a general LL.M by selecting modules from a wider number of subject areas to reflect their needs and interests.

# SIDDHARTHA INSTITUTE OF PHARMACY

Approved by Pharmacy Council of India (PCI). Approved by AICTE, Ministry of HRD Govt. of India, New Delhi and Affiliated to Uttarakhand Technical University (UTU) and Uttarakhand Board of Technical Education (UBTER), Roorkee

Established in the year 2006 Siddhartha Institute of Pharmacy is registered under the auspice of Siddhartha Group of Institution (SGI) managed by Siddhartha Educational Society (Regd. No. 1363/2002-2003), under the dynamic leadership of renowned social worker Mr. Durga Prasad Verma. and promoted under the guidance of Mr. Ram Ratna Aggarwal, (Former District Judge) presently serving as honorary Director of SGI. Nevertheless, the promoters of SGI began this institute with a mission to provide world class education and training that enables students to adapt, excel and succeed in the fast changing global working environment. Siddhartha Institute of Pharmacy (SIP) began its journey for excellence in education amid the lap of nature in the lush green valley of Dhanda-Khudenawala, near IT park, Sahastradhara road, Dehradun.

With a intense desire and dream to scale new heights in the field of Pharmacy and research and to produce professionals of international repute. SGI has been conducting various others courses including Siddhartha Law College, Siddhartha Institute of Sciences & management and Siddhartha Research Institute successfully.

Siddhartha Institute of Pharmacy conducts various courses designed to become an eminent and skilled Pharmacist. The basic course in Pharmacy is Diploma in Pharmacy (D.Pharm- 2yrs) followed by Degree/ Graduate program, Bachelor in Pharmacy (B.Pharm- 4yrs) and Post Graduate programs in Pharmacy Master in Pharmacy (M.Pharm- 2Yrs) we specialize in Pharmacology and Pharma Chemistry. These programs/ courses are duly approved by All India Council of Technical Education (AICTE), New Delhi. Affiliated to Uttarakhand Technical University and Uttarakhand Board of Technical Education, Roorkee, and

Uttarakhand and duly approved by Pharmacy Council of India (PCI), as well recognized by the Government of Uttarakhand.

## Vision of Siddhartha Institute of Pharmacy

- Enriching the society with values of pharmacy education.
- Providing excellence in pharmaceutical sector.
- Bridging the gap between academia and industry by inculcating values and skills in students so as to make them globally competitive.

## Career in Pharmacy in India

Pharmaceuticals are important in all aspects of health care and have proven itself to be the most cost-effective means of treating some diseases. Pharmaceutical industry is one of the largest and fast growing industries in India with a compound annual growth rate of over 13% in the last five years and expected to be worth 1,00,000 cr. by 2015. Ministry of Commerce, Government of India, estimates the rapid growth of Indian pharmaceutical industry and is predicted to offer a \$2.5 billion opportunity to companies in 2015. Increasing number of hospitals, nursing homes and pharmaceuticals companies all over the country is a clear indication of the growing scope in this area.

## Scope in Pharmacy

### 1) Industry

#### A) PRODUCTION & MANUFACTURING

A pharmacy professional can work as a production person as chemist, officer, executive, manager, vice-president in the production of bulk drug & intermediates or formulation and dosage forms. Industries in the cosmetics, soaps, toiletries segment also hire pharmacy professionals. Other segments where opportunities exist are the field of dental products like toothpaste, mouthwashes, dental cavity fillers, etc. Other production areas where pharmacy professionals are required are veterinary medicine, perfumery, fragrances, and nutraceuticals.

#### B) RESEARCH & DEVELOPMENT

Pharmacy R&D is the key to growth and sustenance. Other areas where professionals are required are

- New Drug Discovery Research (NDDR);
- Process Development (P&D);
- Formulation & Development (F&D); and
- Clinical Trials, Bioequivalence studies, Toxicological Studies. Mainly M.Pharms & Ph.Ds are in great demand in the various areas of Pharmaceutical R&D.

#### C) Analysis & Testing

Any drug or dosage form for human use has to be of excellent quality and purity, free from any impurities. Therefore, Quality control (QC) and Quality Assurance (QA) are the most integral areas of the drug & pharmaceutical industry. Highly specialized and trained staff is required to handle sensitive analytical procedures & sophisticated equipment. M.Pharms & Ph.Ds in Pharm Analysis /QA are highly preferred for this job.

#### D) Marketing

Any business is incomplete without marketing and sales. Pharmaceutical sales & marketing is a highly technical field and offers excellent opportunities for the pharmacy graduates. Additional qualification like M.B.A. adds to their arsenal. An aspirant of a highly bright future can enter through various openings like starting his own retail or wholesale drug store or becoming a professional sales representative in top class pharmaceutical companies like Ranbaxy, Eli Lilly etc. The monetary rewards and perks in this field are the best.

E) Documentation, Library Information Services & Pharm. Journalism Most of the major Indian pharmaceutical companies have established separate Documentation

departments with a highly technical & skilled staff for this purpose. Similarly, the R&D and QC departments of the companies need a wealth of technical information, in order to match the pace of global competition. Therefore, a Library Information service is another field in much demand and offers various job opportunities for M.Pharms and Ph.Ds.

#### 2) Academics,

Excellent Opportunities for the professionals are available in teaching profession. As per the AICTE norms for B. Pharm. the minimum entry-level qualification for Asst. Professor is post graduate in pharmacy (M. Pharma.) and higher posts are Associate Professor, Professor, Dean, Principal etc. Academic related opportunities also involve positions on research posts and training programs as Research Associate, Research Coordinator etc. and emoluments are good enough with implementation of 6th pay scale.

#### 3) Regulatory Affairs

The Foods & Drugs Control Administration (FDA) is the main regulatory body governing and implementing the rules and regulations for the Drug and Pharmaceutical substances world wide. The FDA has state branches and sub-branches all over the country. Medicines in India are regulated by Central Drugs Standard Control Organization and the pharmaceutical products through Drugs Controller General of India. The job opportunities for Pharmacy graduates (B. Pharm.) are excellent and range from the levels of a Drug Inspector (DI), Sr. DI, Deputy Drug Controller, Asst. Drug Controller, Drug Controller and finally Drug Controller of India.

#### 4) Health Care Services

a) Hospital Pharmacy, A Registered Pharmacist can work in hospitals or drug stores. This facility is set in many hospitals in the country. This is a key position and the pharmacist plays an important role in dispensing/ compounding the prescription, maintaining patient's medical history and all patient profile.

b) Community Pharmacy : (Chemist shop), A Pharmacist becomes a vital link between the patients and the products i.e., drugs. The main responsibilities of a community pharmacy include appropriate procurement, storage, dispensing, and documentation of medicines. Therefore the community pharmacists should have the required education, skills, and competence to deliver these professional services.

#### 5) Consultancy

A consultancy is a professional service that provides professional or expert advice. Consultancy services in Pharmacy are offered in various fields' i.e. regulatory affairs, manufacturing, analytical services, documentation, approvals, research, marketing policies, data management, market surveys etc. This is an ideal opportunity for highly technical and experienced pharmacy professionals to earn handsomely as self-employed entrepreneurs, even after the age of retirement.

#### 6) Scope Abroad

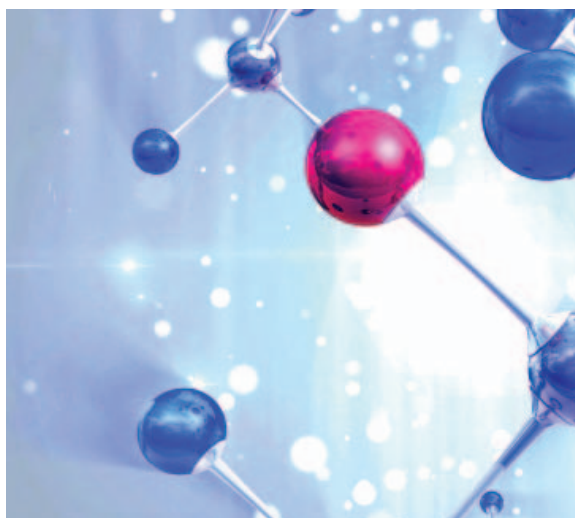

Golden opportunities galore for qualified Pharmacy professionals in various countries including the USA, Canada, UK, France and Gulf Countries like Saudi Arabia, Kuwait etc. The pharmaceutical career is one of the highest rewarding careers in these countries and the monetary job benefits abroad are highly exciting around Rs. 32.48 lac's per annum. Medicinal therapy is the most frequently used form of treatment intervention in any health practice setting. Its use has grown dramatically as the population has aged, the prevalence of chronic disease has increased, new infectious diseases have emerged and the range of effective medications has broadened. In addition, more and more so-called 'life-style medicines' treatments for ailments like baldness, dry skin, wrinkles or erectile dysfunction are being marketed. Therefore, unmet public medical need in terms of new and effective medicines will ever remain the same and may lead to ever growing demand of Pharmacy professional's worldwide.

## Remuneration

In India, starting salary package for a Research Scientist is Rs. 6-7 lac's, Medical Representative Rs. 2-3 lac's plus incentives and Manufacturing Pharmacists between Rs. 1.5-2 lac's. Government Jobs for hospital pharmacist starts with Rs. 25,000 per month (basic) with Contributory Provident Fund, DA, Insurance, Medical reimbursement, and other allowances and benefits as per government rules. Employment opportunities are expected to grow faster in areas other than hospitals, which continue to look for ways to reduce costs through shorter patient stays and downsizing departments.

#### Note:

- Pharmacists are hired within the central and state government departments- the Health Protection Branch of the Department of Health and Welfare, the Pest Control Division of Agriculture, the Department of National Defense, Provincial Research Councils, and the Provincial Departments of Agriculture or the Environment.
- Depending on the extent of study and the area you specialization in (pharmacology, pharmaceuticals, and hospital pharmacy or quality assurance) study, you can opt for research.
- A diploma-holder is qualified to obtain a licence for manufacturing cosmetics and for repackaging of drugs (other than those specified in schedules C & C1).

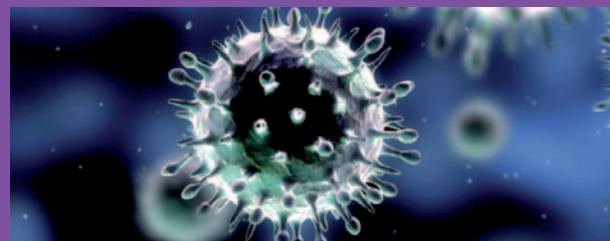

## Siddhartha Institute of Pharmacy offers Various Programmes

Approved by Pharmacy Council of India (PCI).  
Approved by AICTE, Ministry of HRD Govt. of India,  
New Delhi and Affiliated to Uttarakhand Technical  
University (UTU) and Uttarakhand Board of Technical  
Education (UBTER), Roorkee.

# Foundation Diploma in Pharmacy: 2 Yrs

D.Pharma. : 2 years Course

Eligibility: Passing 10+2 with Min. 45% in Physics, Chemistry, as Compulsory subjects viz. Biology/Maths, Computer, Science, Biotechnology.

Seats: 60

## Introduction

Diploma in Pharmacy, popularly known as D. Pharm or D. Pharma, is a two-year undergraduate diploma course offered by pharmacy colleges in India. The course is the minimum qualification to become a registered pharmacist in the country.

D. Pharma doesn't provide specialization to choose from; only the basic concepts of pharmaceutical science are taught in this course. After successfully completing two years of D. Pharma and after registering with Pharmacy Council of India (PCI) or the state Pharmacy Council, one can set up his/her own pharmacy/chemist, in order to stock and sell medicines and dispense them according to a registered medical practitioner's prescription. One can also become medical representative after pursuing the course.

## Programme Content

The course of study in Diploma in Pharmacy comprises of Part-I and Part-II. There shall be an examination in the first year on the subjects of Part-I and an examination in the second year comprising the Part-II subjects.

## Entry Requirements

Pass with 45% aggregate marks in 10+2 or equivalent (with English, Physics, and Chemistry & Math/Biology). Condition of English may be waived off in case student has studied in English medium or may be replaced in case studied Computer Science as a subject.

## Assessment

A regular record of both theory and practical class work and sessional exams are maintained.

## Progression

The objectives of the course will be to provide students with an up-to-date knowledge. The experimental skill imparted during this course will make students competent in a research setting both in the corporate world and in an academic environment. We believe that this course will create a strong foundation of the knowledge of and will allow students to inculcate lifelong learning skills.

# Foundation Degree in Pharmacy: 4 Yrs

B.Pharma. : 4 years Course

Eligibility: Passing 10+2 with Min. 45% in Physics, Chemistry, as compulsory subjects' viz. Biology, Maths, Computer Science/Biotechnology.

Seats: 60

## Introduction

B. Pharmacy: course was started in the year 2006 with the objective to develop students through rigorous industrial training, research and academic exercises to meet the requirements of the modern pharmaceutical industry and to train the students so that they can become competent healthcare professionals. This is a four years degree course affiliated to Uttarakhand Technical University.

## Programme Content

Indian pharmaceutical industry is growing at exponential rate in areas of Research & Development, Manufacturing, Marketing, Quality Assurance, Clinical Research, Intellectual Property Rights, Drug Regulatory Affairs, etc. So, due to this growth, Indian pharmaceutical industry is looking for huge influx of pharmacy professionals to join them. B Pharmacy degree is the essential requirement for registration to practice as a pharmacist in India.

SIP has gained excellence in imparting quality pharmacy education to the students so as to train them to meet the mounting global opportunities in Pharmaceutical sector. In SIP Pharmacy College B. Pharmacy students are groomed for their overall development including subject knowledge, practical skill, personality development and ethical values.

The Bachelors' degree in Pharmacy (B.Pharma.) is of four years duration. The academic programme for B. Pharma. course includes origin, scope and ethics in Pharmaceutical science, the structure and functions of the human body, Medicinal and Pharmaceutical

Chemistry, Analysis of Medicines and Dosage forms, formulation of various dosage forms, study of medicinal plants and animals, Advance Pharmacology, Novel Drug Delivery Systems, Methods to Practice Pharmacy, various strategies for Pharmaceutical marketing, recent advances in Pharmaceutical industry, etc.

## Entry Requirements

Pass with 45% aggregate marks in 10+2 or equivalent (with English, Physics, and Chemistry & Math/Biology). Condition of English may be waived off in case student has studied in English medium or may be replaced in case studied Computer Science as a subject.

## Assessment

A regular record of both theory and practical class work and sessional exams are maintained.

## Progression

The objectives of the course will be to provide students with an up-to-date knowledge. The experimental skill imparted during this course will make students competent in a research setting both in the corporate world and in an academic environment. We believe that this course will create a strong foundation of the knowledge of and will allow students to inculcate lifelong learning skills.

# Master Degree in Pharmacology: 2 Yrs

M.Pharmacology : 2 years Course

Eligibility: B.Pharma with GPAT Qualified or B. Pharma with min. 50% marks.

Seats: 18

## Introduction

The course is designed to integrate the teaching, learning and understanding of pharmaceutical science in the context of pharmacy practice. It will provide you with opportunities to become confident and competent professional committed to lifelong educational development. To summarize it is advancement over B. Pharm. Programme.

## Programme Content

The course is of two years duration. The first year curriculum is designed with exposure to advances in pharmacology, wherein the candidate has potential to equip himself/herself with all preclinical pharmacological, toxicological and safety pharmacological studies. Furthermore, he/she gets adequate exposure of clinical research methods, newer molecular biology techniques.

The second year is mainly through dissertation on the topic of industrial research and development, new drug discovery etc. Thus the two year program will enable pharmacology student to cope up with present day need of preclinical and clinical research in new drug discovery and development.

M.Pharm or Ph.D holders are normally absorbed in research work, to develop new useful drugs, in laboratories and in production work in pharmaceutical industry and analyzing them for purity and strength. Pharmacist may also take up teaching as a profession as lectures in pharmacy colleges and universities.

The M.Pharm graduates can join a public sector firm in the Junior Executive post available in various departments like production department and quality

control department. They can get into the post of Deputy Manager and then Manager after getting much experience. Those who are working as Junior Pharmacist can get into the post of Senior Pharmacist if their knowledge and experience suits the senior post. The aspirants who have chosen the teaching profession can join any government institution as lecturer. The next higher designation available for the lecturer is Assistant professor. Assistant Professor can get into the post of Senior Professor after getting adequate experience.

## Assessment

Assessment includes written examinations at the end of each year. All courses also have continuous assessment that contributes the remainder of the overall course mark. Continuous assessments include practical dispensing examinations, objective structured clinical examinations, presentations (individual and group), written reports, assessment of laboratory notebooks, case studies, essays and multiple choice questions. Final honours classification is calculated from: 10% of Stage 2 overall grade, 40% of Stage 3 overall grade and 50% of stage 4 overall grades.

## Progression

The objectives of the course will be to provide students with an up-to-date knowledge in receptor theories, enzyme kinetics, principles of drug action, modern methods of drug design, metabolism and pharmacokinetics and advanced organic chemistry. The experimental skill imparted during this course will make students competent in a research setting both in the corporate world and in an academic environment.

# Master Degree in Pharma Chemistry: 2 Yrs

M.Pharmachemistry : 2 years Course

Eligibility: B.Pharma with GPAT Qualified or B. Pharma with min. 50% marks.

Seats: 18

## Introduction

M. Pharm (Pharmaceutical Chemistry) is supposed to be one of the important branches of Pharmacy. It is a two-year full time course. While pursuing this course, the student will learn basic pharmaceutical chemistry, organic chemistry, basic pharmaceuticals and pharmacology, pharmaceutical technology, advance pharmaceutical chemistry, basic physiology and pharmacognosy etc.

## Programme Content

The discovery of drugs has always been the aim of pharmaceutical sciences and, in particular, of pharmaceutical chemistry. The progress and development of this field of research has made medicinal chemistry, the modern and enormously productive science in recent decades. This course is focused not only on discovering new biologically active compounds using sophisticated techniques but also on gaining a better understanding of how and where drugs exert their effects at the molecular level.

## Entry Requirements

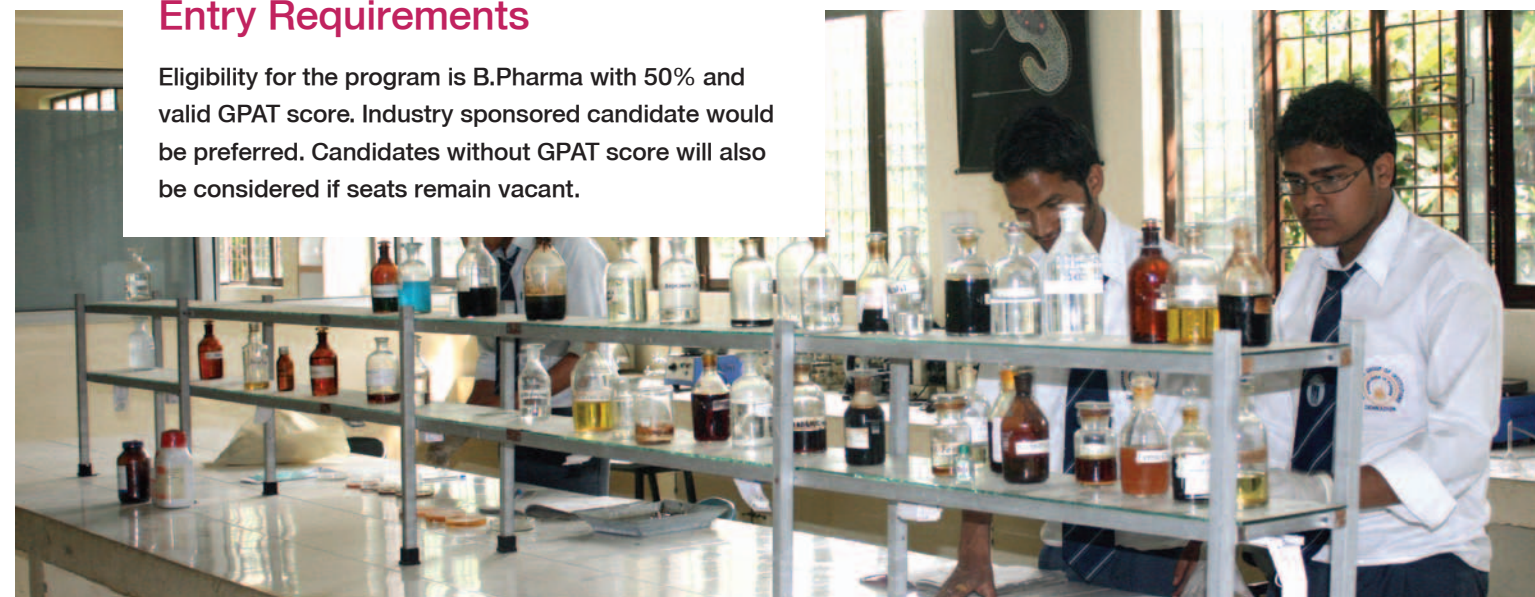

Eligibility for the program is B.Pharma with 50% and valid GPAT score. Industry sponsored candidate would be preferred. Candidates without GPAT score will also be considered if seats remain vacant.

## Assessment

It is a two year intensive full time course combing a lot of theory, practical work and internal assessments. The theory paper is usually of three hours while the practical one is of six hours. The course syllabus varies across the four semesters of the subject.

## Progression

The two-year M. Pharm. programme provides a broad-based, scientifically and clinically-strong education in pharmacy. It equips students with the skills needed to enter all areas of the profession and helps them adapt to changes that may occur during their careers. By the end of the two years, students are conversant with the professional aspects of pharmacy, able to communicate effectively and able to appreciate the professional and social role of the pharmacist. We believe that this course will create a strong foundation of the knowledge of pharmaceutical and medicinal chemistry and will allow students to inculcate lifelong learning skills.

# Training & Placement of the Students

SIP has an active training and placement cell which invites experts from the industry to deliver lectures and conduct placement talks with the students. Regular personality development sessions are conducted for the students to tone up their language and presentation skills. The students regularly visit the Pharma companies of the region. We try to inculcate the spirit of entrepreneurship in our students.

We provide placement opportunities to our final year students in various companies.

# Centre For Innovative and Effective Teaching and Learning Methodology (CIETLM)

CIETLM, an SIP initiative was set up with a vision to be one of the most crucial Study and Research Centers of the region. It aims to continuously evaluate the current teaching methodology to understand its applicability, effectiveness and its shortcomings. It is open to the students, their mentors and researchers to place their observations as to its utility or otherwise and the scope for improvisation given the topic, time, qualification and experience of Faculty, keeping in mind the students' backgrounds, standard, interest and capacity to absorb and progress. We thoroughly realize that this Centre to be the most challenging and has to be dealt with due diligence and not be experiment on students to their detriment under any circumstances. Nevertheless, it would be improper and or unjust to resort to any one specific "Teaching Methodology" without improvising or modifying the same even it had been appreciated and practiced by one or more Institutions. We at SIP believe that in the fast changing realities the globalized era, where future is obsolete before it's birth, we shall strive to meet the ever changing demand to innovate and improvise, and break old myths and barriers.

# SIP Scholarship Scheme

At Siddhartha Institute of Pharmacy, we believe in rewarding the hard work and excellence achieved by meritorious students in their academic endeavours. As part of this ongoing initiative, in 2012 over Rs. 10 Lac worth of Scholarships have been awarded to students on need or merit basis. The Siddhartha Institute of Pharmacy Scholarships have been initiated to encourage the talents of such students, thereby strengthening the roots of our future generation. A small step towards the collective goal of making India the knowledge superpower of the world.

Eligibility - 75% aggregate and above (excluding Physical Education/ Fine Arts / Performing Arts / vocational / non written subjects) in CBSE / ICSE / State Boards of Class XII, 2013.

## Continuation of Scholarship

Scholarship is granted on annual basis and continuation in second and further years of the program is subject to scholarship policy. To continue availing 100% scholarship student must top the university exam with 85% and above in the annual examination without back in any subject. For continuation of 50% scholarship, student must top the university exam with 80% and above in the annual examination without back in any subject. For continuation of 25% scholarship, student must top the university exam with 75% and above in the annual examination without back in any subject.

# Qualified Mentors

At SIP, we believe in 24x7 learning, and teachers assume the role of mentors. SIP has a qualified and experienced faculty team under the stewardship of Dr. Firoz Anwar, Ph.D (Pharmacy) with thirteen years of experience.

The institute draws inspiration and support from his vast experience and erudition. The institute has a team of 16 full time faculty members, and most of them are either pursuing or planning to enroll for a Ph.D. SIP has the faculty to student ratio of 1:15.

# RESEARCH PROGRAME

Team SIP is actively involved in research and development in the various fields of pharmaceutical and Para-medical sciences, in collaboration with various universities and research agencies. The ongoing projects are researching on different ailments like diabetes, cancer, Neuro-Pharmacology etc. Few projects on Photo-chemicals, Organic traces, and optimum dosage for anti diabetic activity are also under process.

- **Alisha Rawat (Research Scholar)**- Pharmacological & Toxicological evaluation of selenium in combination with thiamine in chemically induced hepatocarcinogenesis.
- **Himani Nautiyal (Research Scholar)**- Pharmacological & Toxicological evaluation of Imipramine in combination with niacin either as a cancer promoter or inhibitor in treatment of DENA induced liver cancer.
- **Nalini (Research Scholar)**- Standardization of Talc as a promoter of diabetes and diphenhydramine as antidiabetic in Talc induced diabetes.
- **Naveen Manola (Research Scholar)**- Pharmacological & Toxicological evaluation of vitamin A in combination with calcium on male hepatic carcinoma with special reference to PPAR/AFP.
- **Pooja Negi (Research Scholar)**- Pharmacological & Toxicological evaluation of Loperamide in combination with niacin either cancer promoter or inhibitor in the treatment of DENA induced liver cancer.
- **Poonam Rana (Research Scholar)**- Pharmacological & Toxicological evaluation of Ibuprofen and Thiamine as an anticancer drug in the treatment of DENA induced liver cancers.
- **Waseem Khan (Research Scholar)**- Pharmacological & Toxicological evaluation of vitamin K in combination with -ca+2 on male hepatic carcinoma with special reference to PPAR/APR.
- **Rudra Pratap Shukla (Research Scholar)**- Pharmacological & Toxicological evaluation of vitamin K in combination with calcium on female hepatic carcinoma with special reference to PPAR/AFP.
- **Ruqaiyah Khan (Research Scholar)**- Pharmacological & Toxicological evaluation of Loperamide and Niacin in DENA induced liver cancer and cardiac remodelling.

# A Milestone Achieved

Human race is under a severe threat from various fatal diseases. These diseases have taken the epidemic form in the current atmosphere and taking the whole world into their lap. Cancer, Diabetes, AIDS, Tuberculosis etc., to name a few. It may take years to develop/discover/ invent a new drug/medicine for treatment of these diseases. Our Research Team has discovered a new compound (drug molecule/medicine) called ursolic acid stearyl glucoside: A new triterpenic glycosidic ester from Lantana camara plant with anti-diabetic potential. This research work is accepted by one of the famous and reputed International journal called

Fitoterapia, Elsevier, USA. It's a milestone achieved in the field Pharmaceutical Sciences. The research is already published in this journal. It's a milestone achieved in the field of Pharmaceutical Sciences. The Research Team comprises of our eminent faculty. The above said molecule/drug/medicine is deciphered for its anticancer, antiobesity, and antibacterial etc. activities. The research on other diseases is in progress.

### Research and Development

The institute enhances the research activities and encourages the students to involve in innovative ideas. Many research papers of the institute have been published in international and national journals of high impact factor.

### Class Rooms and Seminar Halls

The institute has state of the art spacious class rooms equipped with all the modern teaching aids. The seminar hall has audio visual projection system to provide the ultramodern medium of teaching to students. Foreign experts are often invited online to deliver lectures to students.

### Sports and Playground

The freshness of surroundings and the scenery around the campus fills the students with a new verve; the institute has a large play ground that is equipped with all the sporting facilities. Sports week and competitions are regularly organized in the campus to make the students filled with new vigor.

### Ambiance

The campus is surrounded by hills of Shivalik range with greenery all around and an environment filled with positive vibes. The lush green campus adds to beauty of place like the most appropriate place to study as it opens all horizons of mind to an extent no other place can do. The water from the Himalaya in the form of Sahastradhara River is flowing few km away from the campus. The place has a magnificent aroma that makes minds feel alive and compel us to achieve what we want.

### Medical Aid

The in campus medical centre serves for the first aid medical care in addition to this appropriate medical care is provided by a institute authorized medical care centre few meters away from institute.

### Bank Facility

Most of the reputed banks are in the close proximity (approx 500 meters) of the institute serving will all the banking facility including ATMs.

## BOOKS PUBLISHED BY SIP'S FACULTY MEMBERS

# SIDDHARTHA COLLEGE OF SCIENCE & MANAGEMENT

Affiliated to HNB Garhwal Central University & Approved by UGC & Ministry of HRD

Siddhartha College of Science & Management is established with the objective of promoting education and research in the field of management and information technology. The institute is dedicated to develop management and computer professionals who aspire to excel in their respective field. The Institute imparts an excellent technical education that meets the needs of present and emerging technological world and is involved in grooming professionals for the industry. It crafts them with theoretical and practical knowledge and industrial skills. The computer applications course trains the candidates to a successful career orientation in the field of information technology. In the interactive classroom curriculum, team discussions on the subject of management are prioritized to provide vast insight into finding solutions for smooth business operations.

The BBA Program is full time three years graduation course, which purposes to transformation of a student's simple mind to corporate business mind. The course with its intensive syllabus and a wide range of value education would indeed enable the student to aspire for higher studies in premium business schools in India and abroad. There is a healthy balance between theoretical foundation & practical outlook, thus the student can professionally fit in the modern business world.

The course aims at the grooming of the student with comprehensive inputs and enhance over all personality and his state of mind that would enable the student to grasp the challenging and aspiring situations of corporate world and proves himself to be the responsible member of the society.

Established in the year 2005 under the name of "Siddhartha Institute of Paramedical Science", now known as Siddhartha College Of Science & Management is a unit of Siddhartha Group of Institutions (SGI) managed by Siddhartha Educational Society (Regd. No. 1363/2002-2003), under the dynamic leadership of renowned social worker Mr. Durga Prasad Verma. Siddhartha School of Science & Management conducts various courses designed to become an eminent and skilled manager. The basic course in Management & Technology is Bachelor in Business Administration (BBA -3yrs) and other Degree/Graduate program, Bachelor of Computer Application(BCA-3yrs) we specialize in Management and Technology. These programs/courses are duly approved by Government of Uttarakhand and affiliated to HNB Garhwal (Srinagar) University.

# Foundation Degree in BCA : 3 Yrs

BCA : 3 years Course

Eligibility: 10+2 or Equivalent / 3 Year Diploma from a State Board of Technical Education.

Seats: 30

## Introduction

Bachelor of Computer Applications is a three-year full time degree program designed to meet requirements of the Booming IT industry. Keeping this in mind, the course focuses on principles of computing and programing concepts.

The BCA Program at the university is foundation oriented with high practical component. It aims to produce graduates with strong fundamentals of theory and practical aspects of information technology and computers.

The course lays emphasis on various programming languages. The University maintains a high standard of teaching in classrooms and computer laboratories with a highly qualified and experienced faculty.

## Program Content

Demonstrating sound knowledge in key areas of computer science or industrial computing. Carrying out the required analysis and synthesis involved in computer systems, information systems and computer applications. Demonstrating professional competence in developing software and in its design and implementation. Developing sound practical skills in order to address problems which arise from computer systems and applications. Demonstrating sound presentation and communication skills, which are required in the computer industry.

## Progression

The objectives of the course will be to provide students with an up-to-date knowledge. The experimental skill imparted during this course will make students competent in a research setting both in the corporate world and in an academic environment. We believe that this course will create a strong foundation of the knowledge of and will allow students to inculcate lifelong learning skills.

# Foundation Degree in BBA : 3 Yrs

BBA : 3 years Course

Eligibility: 10+2 or Equivalent / 3 Year Diploma from a State Board of Technical Education.

Seats: 30

## Introduction

The BBA curriculum is designed to provide industry with young managers for entry level positions for their first experience in a corporate role. The curriculum as currently envisaged, offers students a choice of specialization in marketing and/or finance roles in the 3rd year of their program.

With the phenomenal growth in the Indian Economy and the rise of the home grown multinationals, commercial enterprise today is looking at people to take up responsibility at entry levels who are flexible and adaptive to their business environment as well as sensitive enough to respond to the challenges being offered in an increasingly competitive global environment with multifaceted skill sets backed up by a rigorously honed knowledge base.

## Programme Content

To provide professional education and training to all students in all aspects related to the management discipline for advancement of learning towards promoting excellence in business administration and industry. To strive for continuous improvement in instructions, methodology of delivery and course content to ensure updates of a student with the reality of the corporate world, its needs and expectations from an employable candidate.

To actively support the growth and quality improvements of a student, to enhance, prepare and train the student to face the corporate world. To provide state-of-the-art infrastructure and all facilities to students, to support and propel their career paths, may it be managerial, administrative or entrepreneurial.

## Entry Requirements

Candidates who have not cleared the 10+2 or equivalent exam in the first attempt are NOT eligible to apply for the admission to the courses. Further, those candidates who have passed the 10+2 exam by doing a part-time course or through distance learning/ correspondence/ externally/open school are not eligible to apply for the courses.

## Assessment

Through a practical approach towards the syllabus, guided by the faculty from the industry itself, students are prepared for the real corporate world. Innovative methods of teaching consisting of case study discussions, presentations, classroom debates and role plays are used to make the classroom experience an invigorating on.

## Progression

With the phenomenal growth in the Indian Economy and the rise of home grown multinationals, the commercial enterprise today is looking at people to take up responsibility at entry levels, who are flexible and adaptive to their business environment as well as sensitive enough to respond to the challenges being offered in an increasingly competitive global environment with multifaceted skill sets backed up by a rigorously honed knowledge base. The BBA program has been tailor made to fill in this need.

# ACADEMICS

## Internship

### Business Internships

The success of an institution depends entirely on the success of its students. This is why we, at SCSM, have made sure that our students are not only well trained in core concepts but also get a chance to apply those concepts in the real world. We understand the difference between theoretical and practical knowledge, and hence there is great emphasis on practical learning through internships. SCSM has the requisite connections and tie-ups with various national and international entities to aid students in enhancing their knowledge.

### Great Exposure for Internships

We, at SCSM, take pride in our national and international associations, which we have formed to maximize the scope of learning and development for students. Through these internships, students get an opportunity to comprehend the operations and dynamics of the real world scenarios.

Our tie-ups give students a chance to work at leading companies so that they can learn from their experience and practical approach. SCSM's association with international institutions further enhances the prospects and exposes students to global trends. Currently, we are associated with Cyber College and CMC Academy - A TATA Enterprise - TCS Subsidiary as our education partners.

## Free Additional Programmes

A wide variety of advance programs are offered for free to SSSM students in collaboration with Cyber College - An Institute for New Emerging High End Technologies via Digital Learning Platform.

- |                     |                   |                       |
|---------------------|-------------------|-----------------------|
| ■ Business          | ■ Ethical hacking | ■ Android development |
| ■ Digital marketing | ■ Oracle          | ■ i-Phone development |
| ■ Asp.net           | ■ Java            | ■ Network Security    |
| ■ Php/mysql         | ■ C/C++           | ■ Cyber Security      |

**1st Years Students will get Free Tablet for E-Learning**

## Placements

SCSM has a dedicated placement cell to co-ordinate all placement related activities. A core group of faculty members under the guidance of the placement officers of Science & management program are usually involved in the entire placements process and co-ordinate the industrial training as well as campus interviews. Placement Cell arranges for the company visit to the institute and manages the campus selection of the students. Placement Cell arranges for the company visit to the institute and manages the campus selection of the students.

The placement departments also manage company visits and special guest lecturers from the company personnel in the institute. They would help students get summer and winter trainings into different companies so that they can gain practical experience while working in the real environment of a company during their study period in the institute.

The departments of SCSM would help students in securing good and well-paid job offers in good companies. SCSM with its state of the art infrastructure, most ideal for conducting placement activities, would

emerge as a central hub for organizing much such Recruitment drives for the top-notch companies.

### Placement Department of SCSM engages in

- Online Technical tests on regularly basis
- Soft skill development programs required for the corporate would be part of our curriculum
- Undertake educational tours and in-plant training at various industries
- Facilitate real life student projects in industries as part of the curriculum
- Training workshops on communication, presentation, behavioural and life skills

### S3M teaching program using Tablet to prepare Students

In keeping pace with technological advances in education, Siddhartha College is now supplying all incoming students to its Degree Program with Tablet device. The decision reflects a national trend toward using more electronic devices in the classroom.

### Reasons for implementation

Er. Ram Pandey, mentor of the open source technologies, said the reasons for implementing the Tablet distribution program are twofold. "The first is that we have a strong commitment to preparing future

teachers who are as far ahead of the educational curve as possible," he said. "Secondly, it is more economical for our students to purchase a digital textbook than a print textbook." Pandey said candidates have the option of buying their textbooks in either digital or hard copy versions. "The Tablet will give them a number of good options that we think will enhance their education," he said. To date, more than 500's Tablet have been distributed. An estimated 10000 BBA/BCA students in Siddhartha College programs annually will receive the devices. Siddhartha College has one of the largest online education programs available worldwide.

### Application of devices

The Tablet allows students to download eBooks, PDF notes or other reader applications. They are ideal for working with course syllabi and other handouts, as well as for sharing documents and course notes. It also opens up a vast amount of educational interactive online tools and curriculum. "I think the Tab's most valuable contribution in this time of scant resources is the access it provides to online resources," said Pandey, who is helping develop applications for teaching. The decision puts the Siddhartha College on the cutting edge of classroom technology and provides teaching candidates a training ground for using such devices in their future classrooms. "This decision provided an opportunity to be out front, and with the increasing use of Tab's in classrooms, it is important that our graduates understand how to leverage them for learning for all kids and for themselves".

## Earn While Learn @ SCSM

You are a fresher, we require an experienced professional. I guess this has to be the most frequently heard libel for any fresh graduate. No matter how talented you are, irrespective of which institute you hail from, you are always put to the test by this statement. If only you could graduate as an experienced professional.

Look no further as SCSM has found the perfect cure for this conundrum, The earn while you learn programme, through which the best students at SCSM will be employed on various business projects driven by the SGI group. Students will get a chance to put into practice what they have learned, in projects as varied

as e learning to emerging technologies and when they complete the programme and graduate, along with the degree certificate, they will also be earning a work experience certificate for a period of one to two years. This enhances a student's employability by two folds, one the competence a student acquires from working on projects and the second, he forever rids himself of the dreaded fresher tag and will be readily accepted to various firms. In short a student at SCSM will start earning while their friends would only be learning and in the process would be learning much more than what they do.

# ADMISSION

## Employability Training

SCSM Training and Placement (T&P) division regularly organizes students workshops focusing on improving the overall employability of the students. Frequent activities and workshops are planned to enhance professional effectiveness by emphasizing upon the concepts of Team Work, Leadership, time Management and Work Ethics.

Special emphasis is placed on development of soft skills mandatory for success in service industry. These programs not only impart the students with Industry relevant abilities like Business Communication but also with necessary On-the-job Soft-skills proficiencies like Presentation Skills, Dressing, Grooming and Workplace Etiquette.

During the course of their Degree program students participate in a wide array of activities.

## Strategic Alliances

Siddhartha college of science and management - SCSM intends to address the Indian growth imperative, as a knowledge based economy, by leveraging alternate education delivery mechanisms coupled with a strong focus on 'Market Relevancy' to generate a gainfully employable pool of human capital.

To help us create meaningful education programs and provide contemporary industry exposure to our students, we have formed the Strategic Alliances, which constitutes of a selected group of global corporations and renowned education institutions invited to enhance standards in higher education and take structured initiatives to shape, develop and transform human potential to human capital with a high investment index.

## Corporate Interactions

Learning from the practicing managers is a wonderful experience to imbibe the managerial knowledge. Learning from the renowned experts in the industry is a pedagogic approach that promotes active learning. Students get the opportunity to know about the real world experiences of their role models. Several Corporate leaders have graced us with their presence and have contributed in building the knowledge base of the students by sharing their experiences through guest lectures.

We have also realized that the gulf between theoretical knowledge and its application is one of the largest in the sphere of professional education. Thus, industry visits are an integral facet of SCSM's pedagogy. Industry excursions enable the students to gain a better understanding of theories and gain practical exposure in real time. They also provide an insight on how corporate work and also useful information related to the practical aspects of the programs which cannot be visualized in lectures.

# FACILITIES AT SGI

The Facilities Management Department is responsible for creating, maintaining, and operating a physical environment that enhances the learning, teaching, and research activities of Siddhartha Group of Institutions.

## An Overview of Facilities

- Spacious and airy classrooms and Wi-Fi campus amid the sylvan settings conducive for studies and research.

# RULES AND REGULATION

## Do's

- You are required to attend the classes and complete your assignments regularly. Your 100 % attendance is solicited. However, some relaxation may be allowed to attend health problems and other genuine exigencies.
- Your entry to the campus and exit from the campus will be monitored. You should carry your ID-Card with you at all time.
- During academic sessions, you are required to be present in your respective classrooms. You will not be allowed to leave the institute's premises during your class hours.

Dress Code: Within campus, all the students are required to be decently dressed, with neat and clean uniform, duly prescribed by the Siddhartha Group Of Institutions. However, on Wednesday the students may report in a decent casual dress.

- You should maintain cordial relations amongst yourselves, with your faculty and staff members.
- A large number of activities will be conducted in groups where you should actively participate for achieving the desired results.
- You need to protect the School's Infrastructure at your service. For any damage caused to the School's infrastructure, it is the responsibility of the students to make good for the same, either jointly or by the miscreants (provided the miscreants are identified).
- Students shall adhere to the norms regarding ANTI-RAGGING LAWS laid down by the Hon'ble Supreme Court of India read as under:

According to the Hon'ble Supreme Court of India ragging includes "disorderly behavior/treatment with fellow student whether by words, spoken or written or by any act which has the effect of teasing, treating and handling with rudeness any other student, indulging in rowdy or indecent activities, which

may cause or is likely to cause physical or psychological harm or to raise fear or apprehension thereof in a fresher or a junior student."

For your information, some of the punishments for students directly or indirectly involved in the ragging and its abetment are as follows:

- Cancellation of admission.
- Suspension from attending classes.
- Suspension/ expulsion from the college and or hostel or both.
- Fine up to Rs. 10, 000/-
- Lodging FIR/Police Action against an offender.

As a measure of preventing ragging we have sent letters to the parents of our senior students so that they can counsel wards for not indulging in ragging of any type. Parents of our senior students are also required to sign the undertaking that they know about the above rulings and the punishments for those who happen to indulge in ragging and that their wards will not indulge in ragging. Similarly, the students are required to give an undertaking that they know the above rulings and punishment for those who happen to indulge in ragging and that they will not indulge in ragging. The format of the letter to the parents and undertaking is given in the following page.

## Don'ts

- You must avoid smoking, chewing of Tobacco/ Gutka/ Pan Masala or chewing gum, and consumption of alcohol, within the campus and hostel. Consumption of these products within the campus is prohibited. You are advised to refrain from indulging in these habits even when away from the campus.
- You must avoid use of cell phones in 'ringing mode' during class hours. In exceptional circumstances, urgent/ emergency calls may be taken with permission of concerned faculty.

- Avoid entry in prohibited areas like mess cook-house, electric panel room, D.G Set, sewage treatment plant etc.
- Avoid use of Polyethylene bag in the campus.
- We have systems in the place that would facilitate your smooth functioning. Feel free to discuss any academic or administrative issues with the concerned authority. For academic issues, your contact points in order are: your faculty, Class Coordinators, Head of the Department, and the Director. For administrative issues, your contact points in order are: Head of an Administrative Department (Library, Accounts, Examination and Transport) and the Director.
- We have put in place a comprehensive and transparent student evaluation system. Besides the

## CAMPUS RULE

- To create a professional environment in which students, faculty and staff members work together.
- To create an environment conducive to professional development at the Campus, the Institute treats the students as Legal Trainees. With this professional approach in mind, students should perform each activity with full sense of responsibility. For this, they should try to use professional managerial thinking for choosing the best solutions out of the various possible alternatives for solving any problem in legal environment.
- The Institute encourages the students to interact with each other and with top personnel in legal, industrial and business organizations to bridge the gap between theory and practice and to enable the students to understand how problems arise and how they are analyzed for reaching solutions in wake of existing constraints.
- We are very particular about attendance in the classes. Students will not be allowed to go on leave, unless there is an extreme necessity and acceptable reason(s). Under special circumstances, a few days leave can be allowed but no benefit of leave will be given in the counting of attendance or for any other purpose related to examination or evaluation process.

- external Examination, students are assessed on the basis of class Assignment, Sessional Examinations, and class discipline. Sessional marks of the students are displayed on the notice boards before submitting these to the University so that the students can identify the discrepancy, if any, and bring it to notice of the concerned person.
- Siddhartha Group Of Institutions, Dehradun believes that our achievements rest on your success. Let us give our best to achieve our mutual goals. In this journey of academic excellence you should strike a balance between academic and other activities.
- Avoid delays, and make your learning process enjoyable by completing your activities on time.

- Faculties are fully empowered to disallow a late comer from attending class or from any other activity of the School.
- Students have to observe discipline and follow all the Rules and Regulations relating to Campus, Library, Hostel/Mess, Canteen and other general rules of the School.
- A Progress Report of weak students about their Attendance and Performance shall be displayed on the Notice Board and a copy of the same shall be sent to their parent / guardians for information, if found necessary.
- The students will have to wear uniform as prescribed by the Siddhartha Group Of Institutions.
- Each student will be issued an Identity Card with his / her photograph and countersigned by the Director. The students must carry their Identity Cards with them for verification at all times, that should be produce before the authority, as and when demanded with them.
- Uses of cell phones are permitted subject to the restrictions in class rooms, library, computer lab, dining hall, etc.
- Any student violating the above Rules and Regulations could be penalized, even to the extent of expulsion from the Program.
